Elite Image supplies are engineered to produce the best quality results for your printing needs. Whatever your requirements may be, Elite Image provides a complete line of high-quality, affordable, and environmentally friendly products.

What makes Elite products different?

- 100% Quality Guaranteed
- Dramatic Savings
- Premium Print Performance
- Environmentally Friendly
- Expansive Breadth of Product
- Superior Customer Service

The Elite Image also includes a wide variety of cartridges, products and service offerings, such as:

- MICR
- Wide Format
- TAA Compliant
- Chemical Color Toners
- Labels
- Recycling

Elite Image replacement laser toner cartridges offer you Original Equipment Manufacturer (OEM) quality at a tremendous savings. You can also help protect the environment.

Laser Toner Cartridges For Printers, Fax & Copiers

- Save money versus the cost of the OEM cartridge
- Manufactured using premium grade components and fine particle toner to yield dark, crisp print and clean, smooth graphics
- Specifically engineered to be 100% compatible with the machines they are designed for
- We pledge to resolve your problem or refund your money
- All Elite **laser cartridges** are backed by a 100% No-Risk, Quality Guarantee to perform to your complete satisfaction
- If you are not satisfied with your Elite Image brand supply, please call **Elite Image Technical Support at 1-866-349-1899**

Elite Image Wide Format Ink Cartridges offer you Original Equipment Manufacturer (OEM) quality at tremendous savings.

Wide Format Ink Cartridges

Wide-format printers are used for printing posters, blueprints, maps, and other large-format documents up to 60 inches wide. Now Elite Image has added wide-format cartridges to our ever growing product line. We've chosen only the top selling cartridges to formulate to Elite Image. Our **wide format cartridges** are produced within federal guidelines and are trade compliant.

- Trade compliant (TAA)
- Significant cost savings by reducing the running cost of your wide format graphic operations
- Cartridges are fully interchangeable with OEM cartridges and print heads
- No wasted ink & media = no conversion costs
- Excellent performance and reliability
- Fade resistance comparable to OEM
- Custom ICC profiles not required for most printing jobs—simply continue using your current profiles
- Reliable, consistent operation that maintains accurate indication of remaining ink
- Simply insert cartridge and start printing!
- 100% No-Risk Quality Guarantee

Wide Format Ink Cartridges

Elite Image wide format ink cartridges offer you Original Equipment Manufacturer (OEM) quality at a tremendous savings. You can also help protect the environment.

Wide Format Ink Features

- Page yield meets or exceeds OEM specifications
- Ink is chemically compatible with OEM ink
- Ink is formulated using quality components
- Nearly identical color match to the OEM
- Auto-initializing chip
- Re-use of OEM air seal and ink containment components to ensure high quality and functionality
- See page 11 for our Trade Compliant Paper and Labels

Create your own image with Elite Image brand paper and labels. The papers are thick enough to reduce jamming and are able to accommodate heavy application of toner. Their low moisture content means they won't curl with heat!

Elite Quality Paper – Multipurpose, Specialty Paper, and Labels

Elite Image **labels** are made of high quality material for crisp text and images. Acid-free and lignin-free make them safe for archiving and won't yellow. And you can rest easy, as they are guaranteed not to jam in your printer.

Laser Troubleshooting Tips

A step-by-step guide to solving common laser printing problems

1 Sometimes, simple machine maintenance tips can help correct a print problem that may be interpreted as cartridge problems in error. To save you time, here are a few of the most common printer problems and the solution to them. If one of these maintenance tips does not solve your printer problem, move to step 2 listed below.

Extended cartridge print life*

When "LOW TONER" message is displayed, remove the cartridge from the printer and gently rock it from side to side several times to redistribute the toner. Reinstall the cartridge to continue printing.

Note: Never turn the cartridge upside down.

Print density adjustments*

You can select the lightness or darkness of a print by using the print density adjustment. Lighter print density settings will yield a greater number of printed pages. High print density settings will yield a lower number of printed pages. For selecting the print density, see the printer's manual.

To ensure good print *

Each time you install a newly purchased toner cartridge, you should use the printer-generated cleaning paper to clean the internal parts of the printer. Follow the steps below to generate and use a page of cleaning paper to clean the inside of your printer.

1. Press the Menu key until "PRINT QUALITY MENU" appears.
2. Press the Item key until "CREATE CLEANING PAGE" appears.
3. Press the Select key to create the cleaning page.
4. Follow the instructions printed on the cleaning page to complete the cleaning process.

Note: In order for the cleaning page to work properly, print on copier grade paper (not bond or rough paper).

**All printers will vary. Please see your manual for further instructions.*

2 If the above solutions don't work, please call our **Customer Service at 1-866-349-1899**. One of our highly trained professionals will provide one-on-one service to help pinpoint and correct the problem. We are just a phone call away!

3 If we are not able to correct the problem over the phone, we will send you a replacement cartridge. If your problem resulted in a service call, you will be requested to return the cartridge and/or copy of the receipt for the cartridge. You will also need to submit a copy of the repair invoice signed by the certified technician stating the cause of damage was the result of the cartridge. Once returned, we will quickly review and process your claim.

Inkjet Troubleshooting Tips

Some ink jet users may experience a few minor problems when inserting a new cartridge. These issues are usually solved with ease.

Cartridge recognition–

- Unplug printer and wait 30 seconds before plugging it back in to reset printer. Printers sometimes need to be reset once a new cartridge is inserted.
- Remove all cartridges and confirm that the correct cartridge has been inserted. Never force a cartridge into your printer if it does not fit. Reinsert cartridges in the correct locations and reset printer (above).
- Remove all cartridges and inspect cartridges for damage to the electrical contacts. If necessary, gently clean the electrical contacts with a coffee filter or clean dry cloth to enhance communication with the printer. Reinsert the cartridges and reset the printer (above).

Print Quality–

- Refer to your printer's User Guide to perform the cartridge cleaning procedure (usually located in the printer driver). All cartridges have the tendency for ink to dry on the nozzles and this is the cleaning procedure recommended by the printer's manufacturer.
- Remove the cartridges and gently clean the nozzles by holding the cartridge (nozzle down) on a lint-free cloth moistened with bottled and distilled water. As the last resort, use a water moistened paper towel. Remove any dried ink on the surface of the print head or nozzles. Reinsert the cartridges and reset the printer (above).

Recycle your ink jet and laser printer cartridges with EnviroSmart!

EnviroSmart Cartridge Collection

EnviroSmart, an affiliate of Elite Image, is one of the largest independent recyclers of ink jet and laser cartridges in the world. Headquartered in Rochester, New York, EnviroSmart is part of a global recycling organization.

Every year, millions of reusable laser toner and ink jet cartridges end up in our nation's landfills. EnviroSmart collects these reusable materials and recycles them to produce premium quality replacement products.

EnviroSmart is dedicated to pursuing a closed-loop solution of zero waste, for 100% of the empty printer cartridges received through collection partners. EnviroSmart intends to be the industry leader in environmental compliance, environmental processes and environmental solutions for printer cartridge processing facilities. To become a partner with EnviroSmart, visit us at www.envirosmart.com.

EnviroSmart Dealer Collection Programs

Ink Jet Clean and Green Collection Program

- All ink jet cartridges are currently accepted.*
- Competitive commissions follow market values and are revised on a monthly basis.
- Cartridges must be aggregated and returned via boxes (bags are no longer provided or accepted).

Help protect our environment and keep recycling costs down. Order a free 13" EnviroSmart Ink Jet Collection Box (RC13), capable of holding 50+ cartridges.

*Subject to change at any time per the terms of the program.

Laser Renewable Funds Collection Program (Option1)

- This program is based on the current, "Selective Take-Back Program".
- Competitive market-driven cartridge values revised on a monthly basis.
- Commissions are based on return method (boxes vs. pallets).
- Only select cartridges accepted. Dealer must sort and submit the order for approval.
- Penalties for non-acceptable cartridges may apply.*
- Higher overall commissions.

*Per the terms of the program.

Laser Recycle to Renew Collection Program (Option 2)

- This full-service recycling program available to SP Richards customers ON LY.
- Dealer agrees to send back all laser cartridges.
- No sorting is required of Dealer
- Return-method based pricing (pallets only), revised on a monthly basis.
- Lower overall commissions to cover added cost of processing.
- Sales and collections performance reviewed quarterly by SP Richards and EnviroSmart account teams to ensure that the account is self-sustaining (i.e. What the Dealer returns is representative of the market mix and what they purchased from SP Richards).

Your complete satisfaction is guaranteed on all our remanufactured cartridges. We guarantee that your remanufactured cartridge is free of defects in material and workmanship, and is 100% compatible for the machine for which it was engineered. We pledge to resolve your problem or refund your money.

100% Quality Guarantee

In addition to providing a 100% satisfaction guarantee on your remanufactured cartridge, we will cover any costs required to repair your machine should our remanufactured cartridge cause damage. Our confidence in this product allows us to make this claim. Should you incur a repair bill as a result of our remanufactured cartridges, simply provide us with the bill and a signed statement from your service technician detailing the cause of the damage. We will quickly review your claim.

SELLER HEREBY EXCLUDES ANY AND ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS OR IMPLIED, AND EXPRESSLY EXCLUDES WARRANTIES AS TO THE MERCHANTABILITY OF THESE GOODS OR THEIR FITNESS FOR ANY PARTICULAR PURPOSE.

Seller shall not be liable for any incidental or consequential damages. All goods are shipped upon condition that these terms be accepted by Buyer, if not, Buyer must promptly return the goods and notify seller in writing. These terms supersede all prior oral or written terms or representations and may be waived or modified only by writing, signed by an officer of Seller.

Subject to certain conditions and limitations set forth in the guarantee provided with each product.
